Row 3- Work 6 (8~8) sts in ribbing * K2 tog KI S1, KI pass Slover K PI * work 1 (3-5) in ribbing Repeat from * once finish in ribbing 19 (21-27) sts left.

Break yarn leaving end draw through stitches twice. Fasten securely, finished fold cast on edge into seam for heel. Put tassel on.

Nice and thick slippers ... For warm ankle crochet the cuff 4" Higher.

NOTE: It would be wise to figure out a way to make them non-slippery.

SIDES of the slippers: Crochet 5 Rows of Main color yam, Then 6 Rows of DARK color for the CENTER SOLE ... That means you will have to crochet 5 rows of the main color, switch color to start the sole and then change Back to Main color again to continue and finish the other side of the slipper. (if you choose you can make them all the same color).

I use 2 strands of Red Heart Worsted Weight yam (plain or 2 different colors for variegated).

½ Double Crochet for the entire slippers AND Crochet in **Back Stitch** throughout the work.

At the beginning of each Row SKIP the 1 st stitch.

HOOK sizes depends on the size of the slippers you want to make ... For the Large Women Vets slippers I am using Crochet Hook "I"

Directions:

HOOK "I" ... Important Leave a **22 inch yarn tail** for assembly later ... Chain 34 plus 2 more for turning .. It makes a big size slipper, but I crochet loosely ... Adjust the Chain for your crochet tension.

- Crochet $\frac{1}{2}$ Double Crochet till the end of the row, then chain 2 and turn ... Do this 4 more times to end up with 5 Rows.
- Change to dark color for the Sole and crochet 6 rows total of $\frac{1}{2}$ Double Crochet for Sole.
- Change to Original Color and crochet 5 Rows of $\frac{1}{2}$ Double Crochet to finish the Panel. .. Remember to leave another 22 inch yarn tail for assembly later.

TOTAL OF 16 ROWS of $\frac{1}{2}$ Double Crochet for the Panel. .. Make another Identical Panel.

NOTE: I will have to show you how to make the assembly of the slippers and how to put on the cuffs at Club after you have done your 2 panels ... It's quite easy.
